

***Bringing the Kingdom
of Heaven to earth
with God's
love and power***

Dear Friends and Ministry Partners,

We had a wonderful time in India seeing the Lord move upon many hearts, minds, and bodies – all for His glory! After we left India in 2023 Pastor Dad, Pastor Finny's father, was able to purchase a truck and convert it into a stage, with lights and a sound system, to go into unreached areas with the Gospel. They call it the Shalom Gospel Chariot. They go out a few times a month to different villages to reach people for Christ. They are bold and not afraid of going out among the Hindus and preaching Jesus.

A few months ago, there was so much persecution to the churches, especially in the north. One pastor was arrested, beaten and put in prison for having a prayer meeting. Another church had people come to the door and tell them not to sing or preach. Their heart's desire is to spread the Gospel and to start more churches. Lots of prayer is needed at this time.

Evangelistic Outreach

Again this year we used the Shalom Gospel Chariot to share the Gospel and impart the love of God. Shortly after we arrived at the meeting, the electricity had cut out. But a little later it came back on and we were able to preach and invite people to give their lives to the Lord. While we were praying for the people, we had heard loud fireworks. Pastor Finny got word that there was a government leader down the street. He had us go inside the building to finish praying. The Lord's timing and protection was with us, as we finished up the meeting before anyone could see us Americans there preaching and praying. The government leader would have arrested us for sure. Praise the Lord!!

After preaching, words of knowledge were given and people were healed of blurry vision, a racing heartbeat, and weakness in their bodies! At least 20 people gave their lives to Jesus! We then prayed for each person who wanted prayer. There was a lady with a broken knee, who could not afford to go to the hospital. Jesus knit her knee back together, and she had no more pain as she walked without any trouble! One lady had cataracts in both eyes and Jesus healed her vision completely! A little boy was not able to speak much, but that hindering spirit left and he started speaking freely! It was so beautiful as

around 70-80 people were healed!! We also gave them bags of rice for each family, which you helped us provide.

Lepers Meeting

The same day we arrived, we met with those who had leprosy. The Pastor who has been caring for them was healed of leprosy himself a few years ago. After Bobby shared his testimony about the pain of rejection and the spirit of suicide, He declared God's love over them. We then prayed one-on-one for them. We also gave them each a bag of rice, which you helped provide. At first we saw rejection on their faces, but their countenance changed as we loved them with the love of the Father.

Youth Camp

We each spoke to the young people to encourage them to know God and the Holy Spirit in deeper ways. Bobby had words of knowledge – right ear, stomach, headache, weakness and dizziness, and nightmares. We saw Jesus heal around 20 people! We were asked to pray for the pastor who was missing chunks of his foot, and Jesus healed all the pain!

Sunday Services

Each of us spoke at different churches. Joelle spoke to the youth at the main church, and she also went to Pastor Finny's church. Bobby went to a branch church and prayed for many who were healed of problems with their feet, legs, neck, back, knee, fever, stomach, and more! He prayed for a little girl who was not able to speak at all. After speaking to that dumb spirit to leave, the little girl was able to repeat words that she was asked to say! Glory to God!!

I stayed at the main church and preached on the presence of God. I was going to preach on something else, but Pastor Joy led us in worship into Heaven, and God completely changed my message. I became so in love with Jesus that I shared a previous experience I had where He took me into the Throne Room. His holiness, awesomeness, and power came upon me again. I asked everyone to stand and ask Jesus for what they needed, and to put out their hands to receive a gift from Him. I saw in the spirit that Jesus came into the room, walking among them and touching each of them, bringing them what they needed! I was so undone! What a morning! After service Jesus healed many of the people we prayed for - hands, knees, hips, troubled speech, and more! There was a lady with a swollen ankle and foot, and Jesus healed her as the swelling left and all her pain left! Thank you Jesus!!

Pastors Conference

We had a two-day Pastors Conference to train and equip the pastors. Years ago Pastor Dad had initiated a Pastors welfare meeting where he was and still is able to help some of the pastors financially in their ministries. He himself started with nothing when God called him to this area in India. Someone eventually gave him a bicycle and he traveled from village to village by bicycle to preach the Gospel. He knows what it is like to start with nothing but faith that God will provide. He has so many testimonies of what God has done for him to bring the Gospel to many. With your help, we were able to provide money for one pastor to build a church, and two others for some financial support. We also gave the pastors a new microphone for their churches.

The thread running through each of our messages over these two days was the importance of having ongoing communion with the Holy Spirit - to know Him, hear Him, and trust in Him. In one of the messages, words of knowledge were given for healing for back pain, high blood pressure, head pain, foot and leg swelling, knee pain, and struggling in their marriage. Ten people stood up for prayer, and we asked those around them to lay their hands on them and pray for them.

Dedication of New Community College

Pastor Finny has such compassion on high school graduates that cannot afford to go to the University in Chennai. God put it in his heart to start a Community College on their campus for all the young people who want to get credentialed in nursing or internet technology. Last year they had only 3 students for the nursing program. God blessed him with the opportunity to build a building with 3 rooms. His faith in God has been moving this project on. When no one could pay the small amount to attend the college, the Lord told him to make it free to all who come. His Dad was funny sharing his thoughts. He said you are admitting them for free? How are you going to pay for the instructors and the materials and equipment needed? He laughed and remembered how he started with nothing, and of course he has to allow his son to exercise his faith in the Lord. This year they have around 20 students in the nursing program. We had the privilege of dedicating the Community College to the Lord, and praying into all the Lord wants to do.

Branch Church & House Church Meetings

Joelle spoke at the branch church. Afterwards, we prayed for some of the folks. One young man's vision was poor, but Jesus healed him and can now see clearly! Over time, many of the churches need a new roof, like this one. When it rains the water just comes through.

Bobby spoke at the house church. He had some words of knowledge and prophesied over some people who were touched by the Holy Spirit with joy. The grandfather of the family was previously a witch doctor and is the only one in the family that has not come to know the Lord. Sometimes Joelle experiences a certain feeling when a couple wants to conceive a baby. She prayed over a picture of them and she knew as she was praying for them that the girl would become pregnant. Then she was called upstairs and just declared that the Lord was about to release a seed inside of her.

Home Visits

While Bobby and Joelle were at the house church, I went with Pastor Finny to visit people in their homes from their church. I had the privilege of praying for each family for healing and blessing. With one family we visited, the Mom, Dad and children were Christians, but the grandmother was still Hindu. I asked if anyone needed healing, and the grandmother said she needs healing and strength in her whole body. After praying for her, she said all the pain was gone and she felt strong. I told her it was Jesus who healed her and loves her so much. I asked if she wanted to receive Jesus, but she said she had to ask her husband. I did not push her to receive Him because love is patient. I believe they will accept Christ in time.

Deliverance Service

The Friday Deliverance service is focused on new believers and to receive freedom from strongholds. I spoke on their new Heavenly identity, what a new creation looks like. I also talked about the hurts and trauma many people experience before coming to know Jesus. I facilitated healing and freedom from anger, bitterness or fear they may have. I also walked them through healing and deliverance from participating in witchcraft, the occult or idol worship. I have ministered to people one-on-one many times to bring freedom and healing to them, but this was the first time I did this corporately. After the service, we prayed for the people. A lady who had stomach pain for two years

was healed! One lady was numb on the entire right side of her body, and Jesus healed her and she could function properly! People were healed of leg pain, nerve pain, bone issues, stomachs, head pain, eye vision, and more!

Orphan Children

Bobby spoke to the children who are being cared for by many of the pastors. He spoke about anger and being upset and what to do with that. We gave them some school supplies which you helped us provide.

Healing Crusade

What a privilege to speak to so many people about the desire of Jesus for every person to be healed. Everyone who came to Him on earth was healed. One way His compassion and love for us is manifested is through healing and miracles. I shared testimonies of many people we saw Jesus heal this week in India. Bobby and I shared words of knowledge for healing. I asked anyone who has blurry vision to stand up because Jesus wants to heal you. People stood up and I prayed a corporate prayer and asked them to check out their vision to see if it is clear. I asked who has been healed and 10 people waved their arms at me! Bobby shared words for leg circulation, swelling and pain, and 5 people showed they were healed! We asked for testimonies of their healing, and one lady gave a testimony of her leg being healed. Then I asked everyone who was in need of healing to stand. I prayed and declared what the Lord was showing me. Jesus healed 15 more people! Pastor Joy gave an altar call for those who wanted to give their lives to

Jesus. There were around 10 adults and 8 children who came forward! Joelle prayed with them for salvation. Praise Jesus!!! This was a great meeting to end our trip on!

Thank You!

I want to thank you for praying for us and donating toward the trip. You played a part in every meeting, in every meal provided, in every gift given, in every miracle, and in every touch the people received. We could not have done this without you. Thank you from the bottom of my heart for joining your faith with ours and supporting this ministry!

Love and blessings,
Lynn, Joelle & Bobby
