

*Bringing the Kingdom
of Heaven to earth
with God's
love and power*

Pastor Sanith and Missionary Cora with us

Dear Friends and Ministry Partners,

Thank you for praying for us!!! Our hearts are full from all the Lord did as He poured out His love on many of the people of Cambodia. The Holy Spirit moved powerfully as they experienced the Father's love, salvation, healing, and freedom that have transformed them forever! Jesus truly manifested His Kingdom here on earth!

***Pastors & Leaders Conference
Many Healings & the Baptism of the Holy Spirit!!!***

We started out in Phnom Penh holding a Pastors and Leaders Conference for around 135 people to train and equip them to lead their congregations. On the first day I gave a word of knowledge that God was ready to heal people of stomach and bowel issues. I had them stand up if they were experiencing problems in that area. I prayed a corporate prayer, and then I had them check it out to see if the pain and discomfort were gone. Jesus healed around 20 people! Afterwards, I spoke on their Immense Value. Bobby spoke on us being Kings and Priests, and Joelle spoke on the Anointing. I followed by preaching on the Power of the Holy Spirit. We saw the Holy Spirit come upon many with tears, shaking, the weightiness of God, and more. He was doing things in them that will be fruitful for all of eternity. Praise the Lord!!!

On the next day, I taught on Jesus' Healing Ministry. I taught them the authority Jesus has given us over the power of the enemy and how to pray like Jesus did on earth. I activated them to pray for each other in the way Jesus prayed for healing. I then asked how many of them were healed of something? The majority raised their hands and gave glory to God! I estimated there were 100+ healings in their bodies! I also spoke on the spiritual gift, Words of

Knowledge. Joelle spoke on The Ministry of Jesus and Bobby spoke on Surrender.

The last day of the Conference, I spoke on Power & Presentation Evangelism and also How the Holy Spirit Transforms Cities. I emphasized that for the Gospel to be fully preached, it must not only be presenting the Gospel but demonstrating it in power. This is how Jesus preached the Gospel of the Kingdom, and Paul describes this in Rom. 15:19, Acts 19:8-12 and 1 Cor. 2:4-5. I emphasized their praying for people for healing and deliverance like Jesus did so the power of God would be demonstrated to confirm His Word. Bobby spoke on Intimacy with the Lord, and Joelle spoke on Sanctification.

***Healing Crusades
Many Healings & Deliverances!!!***

After each of the three days of conference, we held Healing Crusades for those inside and outside of the Body of Christ to come. On the first night during worship, the glory presence of God came into the room! I shared what was happening and that Jesus is here to heal you. I asked people to check out their bodies to see if they received the healing they needed. 8-10 people acknowledged Jesus healed them of things. Jesus came and sovereignly healed people because of His great love for them.

I shared some testimonies, including one where a young man was unable to work because he had severe neck pain. He went to many hospitals and took a lot of medication but nothing worked. When we prayed for Him, Jesus performed a miracle and healed his neck and gave him strength. I shared with

them that when you hear a testimony of someone being healed, God wants to do it again for you if you need healing for that same issue. You just need to receive it for yourself. I asked if any of them need healing for their neck, and I had them stand up. Just from hearing that testimony, I asked them to check out their neck to see if they were healed. 5 people were healed on the spot! I prayed for the rest of them and a total of 15 people with neck pain were healed right then. Praise the Lord!!!

I asked for some of the people to share a testimony of what Jesus did for them. I emphasized when we share what Jesus did, we are giving glory to Him. After a few shared, we formed prayer lines, and we prayed for all who asked us to. Over 120 healings took place! One man had numbness in his ears and could not hear very well, and Jesus gave him his feeling back and also his hearing! One lady was in a car accident and the entire right side of her body was in pain including her back, and Jesus healed all of her! A young boy's vision was 200 and 300, very bad, and Jesus healed his vision! Around 15 people were delivered from demonic attacks, and spirits left and they received freedom!

On the 2nd and 3rd night I asked more people to share testimonies to give glory to Jesus and encourage others who need healing. We had some of the Pastors pray for all who wanted healing. Here are just a few testimonies of what Jesus did. Many people had been experiencing blurry vision who were healed, and one man who had eye pain and could not see for over 30 years can now see clearly! One girl vomited because she was delivered from a demonic spirit! One lady had breathing problems and migraines, and the Holy Spirit came upon her and filled her, and she became very drunk on Him! One young lady was screaming and in bondage. The demon was silenced and stilled, and Jesus delivered her and she was completely free! One lady experienced the love and presence of God so strongly that she wanted to know Jesus, and she gave her life to Christ!! Another lady was in emotional bondage for 6 years and Jesus delivered her! Another lady had a stroke and her left arm, back, and legs were affected, and she was healed completely, along with poor hearing! Around 10 others were delivered from demonic oppression! The love Jesus has for everyone is powerful!!!

***Evangelistic Healing Crusade
98 New Believers in Christ!!!***

One day we went to a village and met under a tent where many people gathered who did not yet believe in Jesus. I started with asking people who had pain in their back, neck, leg, or throat to stand. I also asked anyone who had problems with their vision or difficulty hearing to stand. After praying a corporate prayer for them, I asked them to check out the part that needs healing to see if there is a change. I asked for anyone who was healed to raise their hand. Jesus healed around 20 people!

From there I asked if they wanted to know Who just healed them. Bobby shared the Gospel with them and asked whoever wanted to know Jesus to stand up. He then prayed for them to receive Christ. Afterwards, Joelle shared a testimony with them. We formed prayer lines to pray with all who wanted prayer. There were approximately 30 healings where Jesus made Himself known to them. We also gave each family a bag of rice and some bread. We found out from the Pastor who organized this evangelistic meeting that out of 112 adults who attended, that 98 of them gave their lives to Jesus!!! Praise Jesus!!! The Pastor said she will have them all participate in discipleship classes.

Siem Reap Ministry

Pastor Sanith and his wife drove us to Siem Reap to meet up with our missionary friend. On the way we stopped at a Pastor's house for lunch. After

lunch, we were asked to pray for a number of people. Jesus healed an elderly lady who had pain in her legs, a lady with stomach pain, and others. A young girl was deaf and mute, and the girl heard and spoke for the first time! There was a lot of praising the Lord and celebration! After praying for a student for her studies, she felt a spirit leave and she was free! A ministry leader was powerfully touched by the Holy Spirit, and the weight of God came upon her and she could not move and just soaked in Him.

Our missionary friend, Cora, is from the Philippines and has been in Cambodia for a number of years now. Our first stop was at an orphanage and church. After Bobby spoke, we laid hands on and blessed all of the children. We had two other meetings in different villages where we spoke and prayed for all who wanted prayer. Jesus healed people of many issues.

Cora has a group of young ladies and men she has been discipling who all work at a Spa. I had the opportunity to speak to them about the value God

places upon them. They experienced His love, and He poured out His presence upon them. It was a beautiful time with them.

***Spiritual Awakening Gathering
The Blessing of Rain!!!***

The Pastor (nephew of Pol Pot) and his wife

The last organized meeting we had was in a village very close to the Thai border. Let me give you a brief background. From 1975-79 Cambodia experienced mass death under the Khmer Rouge government led by Pol Pot. An estimated 2 million people died as a result of executions, forced labor, starvation, and disease, representing approximately one quarter of the country's population. This church is led by a nephew of Pol Pot. The nephew came to know the Lord, and he started a church in 3 different villages. He is also a doctor and is treating people for medical problems. The people here farm the rice fields.

Many people here do not know the Lord, and the ones who do are new believers in Christ. I started out by asking people who had back pain, knee

pain, vision problems, and who had numbness in their body to stand up. I prayed a corporate prayer for them and then asked them to check out their bodies to see if there is a change. There were 5 people who said they were healed! I shared with them that God loves them so much that Jesus came to save them. He removed all our guilt and sin when He died on the cross and took our place. If we confess our sins to Him, He forgives us and cleanses us. We become righteous in Christ by believing in Him. I just shared Jesus with them. There were a lot of children who were having difficulty focusing and paying attention, but I trust the Holy Spirit was working in their hearts. We prayed for the adults who wanted prayer, and they were healed of several problems.

At the lunch break, the rains began to pour down and the children started playing in the rain. It had not rained there in so long and the rice fields could not be planted. God poured out the rain as a blessing for this area to be able to plant. The rain poured down for a long time, and the worship team started worshipping the Lord and the people worshipped and danced unto the Lord. Once the rain stopped, Joelle spoke to the people, and then we laid hands on them and blessed them.

Before we left Siem Reap, Pastor Sanith asked us to pray for some people. Jesus healed a man who was almost deaf and healed his right eye that was very blurry! A lady who had stomach and bowel problems, a blurry eye, a

headache and a sinus issue was healed of all of it! Another lady was healed of stomach and bowel problems, and then the Holy Spirit came upon her in power and she went out in the Spirit!

We stopped at a Pastor's house for lunch and prayed for people after lunch. Jesus healed stomachs, blurry vision, breathing, back pain and more! One lady had a headache, and she felt a spirit leave and the peace of God came upon her.

When we got back to Phnom Penh, Pastor Sanith said someone wanted us to pray for them before we leave, and they met us at our hotel. The daughter brought her mother who was depressed, her feet hurt, had eye pain and blurry vision. We prayed with her and Jesus healed her feet and her eye pain and vision, and she left with the joy of the Lord!

Thank You!

Thank you very much for your faithful partnership through your prayers, encouragement, and generous support toward the trip. Because of you, lives are being impacted, leaders are being equipped, and the message of the Kingdom continues to reach the nations. We could not have done this without you. We are honored to have you standing with us, and we thank you for joining us on this journey!

Love and blessings,
Lynn, Joelle & Bobby
